## Portfolio

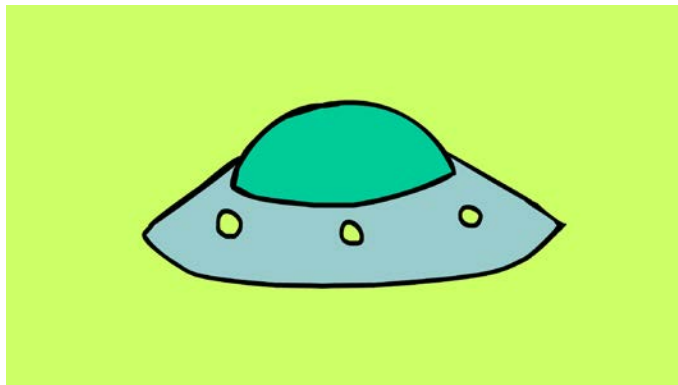

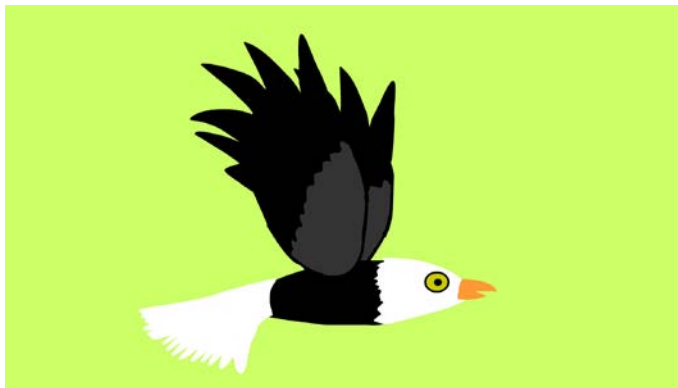

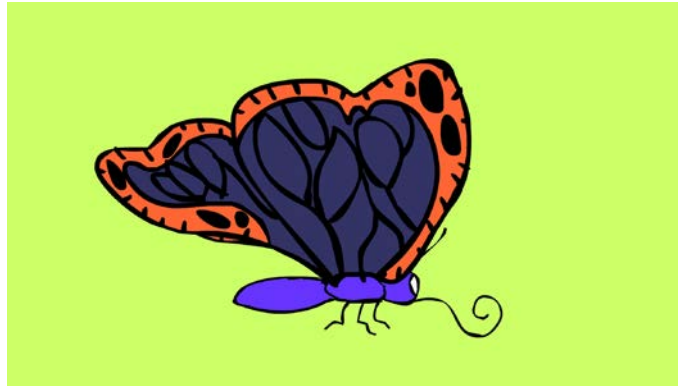

I'm Alejandra Arguello and I'm a sophomore currently attending Akins High School. I took this class because I was interested in how to animate things. Below is just some of the things Ive gotten to create in this class.

### 1. Background Lesson one

I created this background using Flash. I drew the clouds, mountains, hills and created the gradient sky.

## 2. Characters Lesson Two

I also made this butterfly, eagle and spaceship in Flash. The butterfly and eagle are animated symbols that repeat so it looks like they are flying across the screen.

### 3. Animation Lesson One

What I also worked on was this action scene. It's where the Eagle chases the Butterfly. I made it using key frames, motion tweens and symbols.

### 4. Magix Music

<https://youtu.be/JPeWUla9CEM>

For this I got to use Magix to create a song.

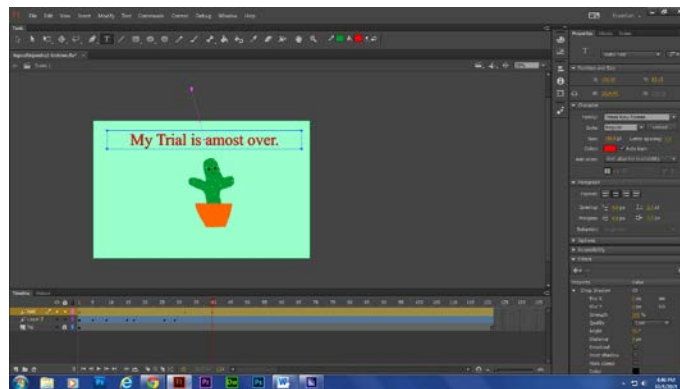

## 5. Hand Drawn Animation One

This is my first hand drawn animation. I used pencil and paper to draw all the circles in a sequence, using timing and space to make it seem like the ball was bouncing.

## 6. Animation Test

This was the animation test. I Made it using motion tweens and the things we had learned in class.

## 7. T Shirt Design

I made this design for a T-shirt contest for New Tech Academy.

## 8. Drum Animation

[https://youtu.be/xiQ\\_PmAVa\\_c](https://youtu.be/xiQ_PmAVa_c)

This was my second Hand drawn animation. I added the sound and title using Premiere.

## 9. Script

I used the professional formatting to create this short story

Deer

By

Alejandra Lopez

**A MAN IS DRIVING DOWN A BENDY ROAD ON AN AUTUMN DAY.**

He sees a sign that says “Deer Crossing”

**A TWISTY BEND IS UP AHEAD**

The man ignores the sign and speeds through the bend.

**IN THE MIDDLE OF THE ROAD IS A DEER**

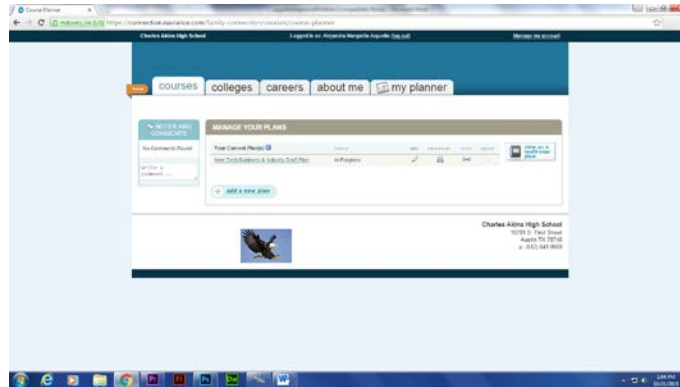

The man has no time to stop.

**EVERYTHING SLOWS DOWN AS THE DEER LOOKS UP**

The man says “oh dear”

**HE CRASHES INTO THE DEER AND DIES.**

## 10. Naviance

I used Naviance to select my classes for all 4 years of high school.

## 11. Story Board

I used Photoshop to create this story board for my script.

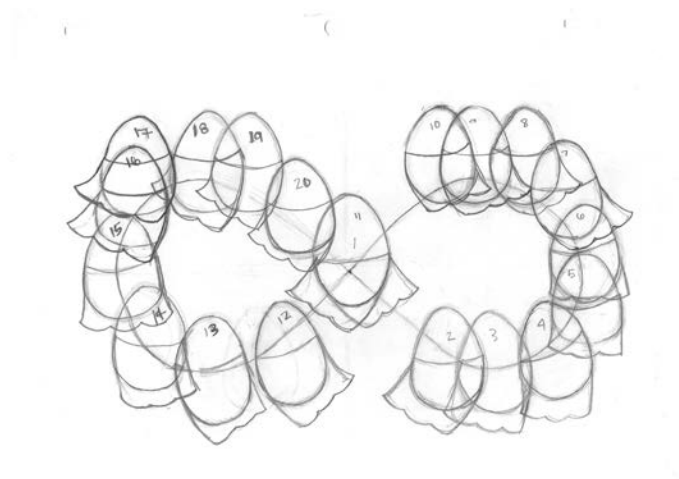

## 12. Zombie Animation

[https://youtu.be/rRF8\\_SUo2YU](https://youtu.be/rRF8_SUo2YU)

I created this animation using Flash and Premiere. This has been my favorite animation so far.

## 13. Egg Skirt Animation

[https://youtu.be/Wf\\_ekEDJg78](https://youtu.be/Wf_ekEDJg78)

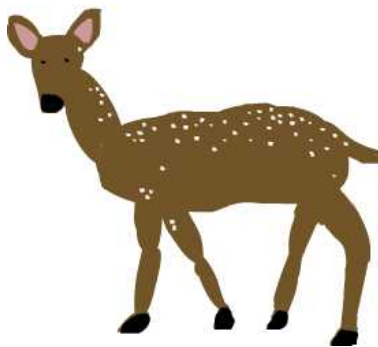

I drew all the eggs and used Premiere to add the “whoosh” noise when the egg sped up.

#### 14. Character/ Background.

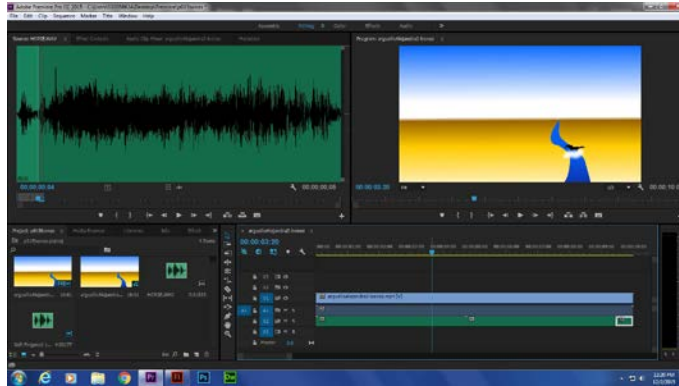

I used Flash to create this background for my Children's Story.

Along with this deer.

## 15. Bone Tool

I used the Bone Tool and Flash to make this animation. I added the sound in Premiere.

## 17. Game Sketch

I used Flash to create this sketch for somebody who needed help with a game.

## 18. Demo Reel

## 19. Independent Script

# Lost Dog

By: Alejandra Arguello.

EXT: A MAN AND HIS DOG ARE PLAYING IN A BACKYARD.

After a while the dog lays down tired and falls asleep. The man pets him goodbye and leaves through the gate and into his car, not realizing the gate wasn't properly closed.

EXT: A COUPLE HOURS PASS BY AND THE SUN HAS BEEN REPLACED BY A CLOUDY GREY SKY.

The dog is woken up by the sound of a car approaching. He sees the gate is open and bolts to the street chasing after the car.

EXT: THE MAN COMES HOME AND GOES INTO THE BACKYARD, ONLY TO REALIZE THE DOG IS GONE. HE RUNS TO THE STREET AND YELLS THE DOGS' NAME, QUICKLY REALIZING THE DOG ISN'T AROUND. HE HOPS INTO HIS CAR TO LOOK FOR HIM.

It has begun to rain. The dog is now in an old alley and he is completely lost. He takes shelter from the rain in an old box. Meanwhile the owner is seen a couple streets away looking for the dog

EXT: HEADLIGHTS ARE SEEN COMING DOWN THE ALLEY AND FLASH DIRECTLY AT THE DOG.

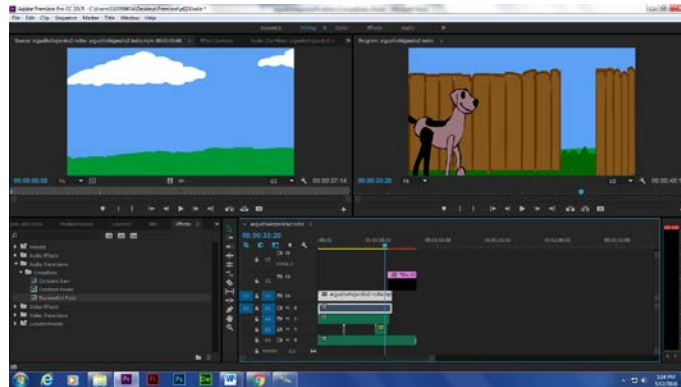

The owner runs out yelling the dogs' name with a blanket in hands and the dog runs into his arms and is wrapped in the blanket. The man carries the dog into his car and takes him back home.

## 20. Story Board

I created this storyboard for my animation using photoshop.

## 21. Independent Animation

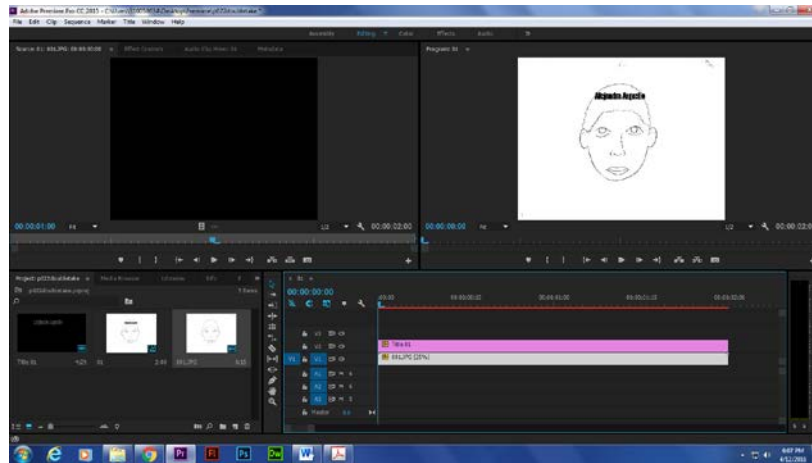

I created this animation using Flash and everything we have learned in this class.

## 23. Independent Animation Character

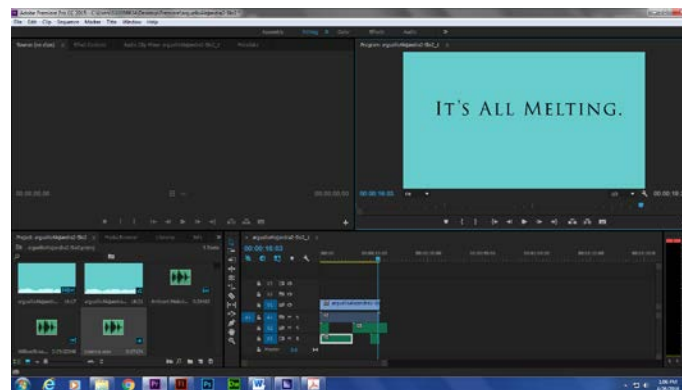

I created this character for my animation in Flash.

## 24. Independent Animation Background

This is the background I created for my animation.

## 25. SLO 2

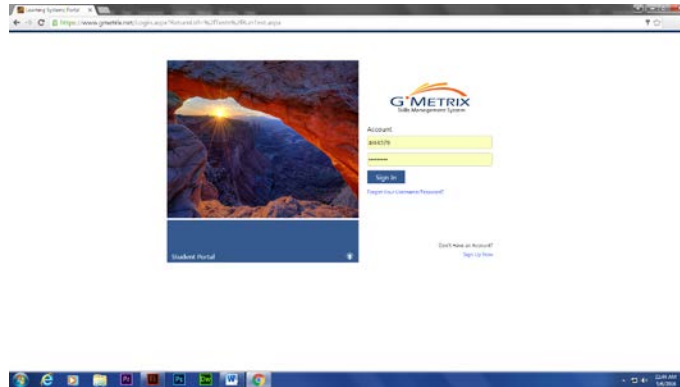

I created this animation for my SLO using Flash and Premiere to add the sounds.
