I want to be a network administrator. I want to go to college for networking. I'm a junior at Akins high school. I was born in Austin Texas. I picked this class because I want to learn how to make an animation.

1. Background one project

I used flash to make this background for my first project in animation class. I used a rectangle tool with a gradient for the sky and then outlined my clouds and filled them.

2. Project 2 characters

I made this in flash using the paint brush tool and filled them with gradients.

3. First flash animation

I used flash to make this animation using the timeline and motion tweens, frames and key frames to make this short animation.

6. Animation test 1

<https://youtu.be/jZTT2rh-1-Q>

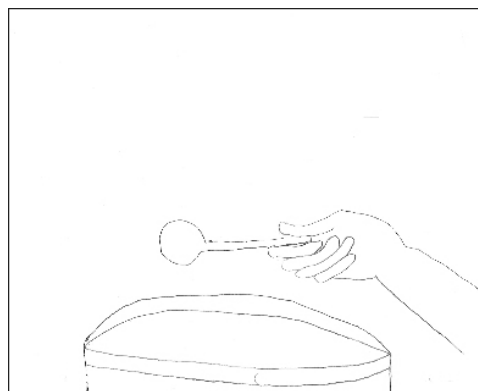

i had to make this animation on my own using written instructions. I included transparent object, animated symbol and items using the elements and principles of design.

7. Tshirt contest

I used flash to create this tshirt design for a tshirt contest.

8. Drum animation

I drew this animation to practice a flip motion with more than one timing and spacing speeds.
