I'm Joaquin and I'm a student in Akins high school in Austin TX. I love this school it was hard moving to United States and get along with a different school and meeting new friends. I'm 16 years old and one thing I love to do is play soccer or visits my family. I like living with my siblings because they treat me well. I like going to school because I can see my friends all the time and I learn a lot of new things.

1. Background One Project

I use flash to create this simple background for my first project in animation class .I used a rectangle tool with a gradient for the sky and then outlined my clouds and filled them. I drew mountain shapes.

2. Project two characters

I did research to find good looking butterflies and copy the one I liked loosely. I also looked at images of explosions to create mine but I made up lighting by my one.

3.First Flash Animation

I used the timeline motion tweens. Frames and key frame so create a short animation that we were on as a class. The butterfly was a repeated animation in the library and we also used a motion preset for the smoke.

4. Magix Music Studio

www.youtube.com/watch?v=bFREWd3SB5w

I'm using magix to create music for my animation.

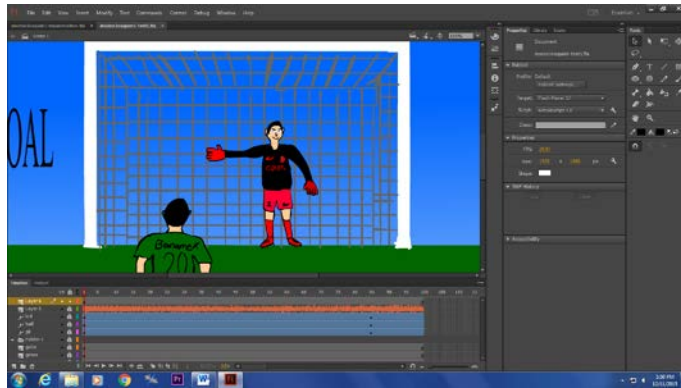

5. Hand Drawn Ball Bounce Animation

<https://youtu.be/2FXWbO-Z7Ik>

I used a pencil to draw 30 circles in a sequence to create a bouncing ball.

6.Animation test

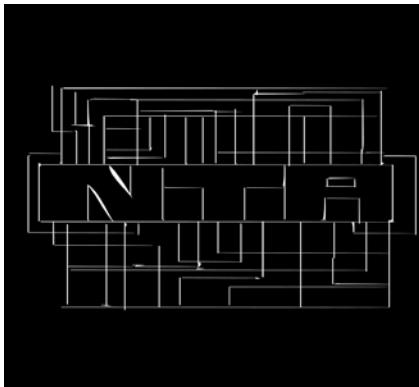

I had to use flash to make my animation test.

<https://youtu.be/FX8oymiwepA>

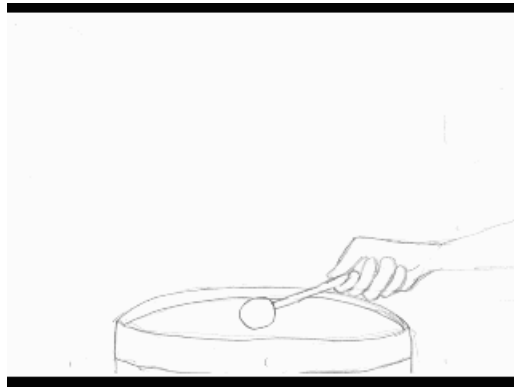

We draw a background for our story .Then I made our characters and made my soccer animation.

7.Tshirt

I used flash to make my tshirt design for a tshirt contest.

8. Drum animation

I drew this animation to practice a flip motion with more than one timing and spacing speeds
